

Dirty Trick #4

Management Talks About Union Bosses

The company may tell you that the IBEW will use your dues money to pay the IBEW bosses' high salaries.

They may tell you that you will never get any benefit from paying union dues.

*"You shouldn't have told the employees to 'work smarter.'
They all went and joined a union."*

The IBEW

TRUTH

By a majority vote, IBEW members decide how much they will pay in union dues and how their money will be spent.

Members decide what amount of dues will be necessary to provide the economic resources needed to achieve their goals.
